

## Invest in all you can become

As an employee resource group (ERG) for young professionals, YPN@MFS works to enhance the professional growth, exposure and development of our young professionals and increase their collective contributions to MFS® and our communities.

### COMPANY-WIDE CONNECTIONS

With millennials representing 30% of the MFS workforce, YPN fosters vital connections among these employees across the firm. We help drive the valuable exchange of ideas among millennial employees while engaging their wide-ranging talents.

### DEVELOPING POTENTIAL AND COMMUNITY OUTREACH

YPN helps young professionals develop their potential contributions to the firm and their communities. Whether we're providing networking, education and professional development support or encouraging civic engagement through volunteerism, YPN invests in all that young professionals can become.

### YPN DEVELOPS YOUNG LEADERS BY:

- 1 Increasing young professionals' exposure** to all areas of the firm and all levels of management through lunch and learn sessions and fireside chats
- 2 Encouraging intergenerational collaboration** through networking and mentoring programs
- 3 Creating a broader sense of community** through cross-departmental relationships among young professionals
